## Professional Summary

Award-winning MSc IT graduate (Distinction, University of Derby) with 3+ years of professional experience as a Web Developer specializing in the Laravel framework. Combines strong academic achievement with a proven track record of building scalable, high-performance web applications. Expert in full-stack development, Agile methodologies and delivering clean, maintainable code. Actively seeking a challenging backend or full-stack developer role.

## Technical Skills

**Backend:** Laravel, PHP, MySQL, REST APIs, MVC Architecture, OOP

**Frontend:** HTML5, CSS3, JavaScript, Ajax, Responsive Design

**Tools & Practices:** Git, GitHub/GitLab, Agile/Scrum, Composer, Docker (Basic), Postman

**Soft Skills:** Problem-Solving, Team Collaboration, Technical Communication, Project Management

**Languages:** English (Fluent), Punjabi (Native), Urdu (Native)

## Work Experience

### Senior Web Developer

*Agile Web Solution, Sialkot | Nov 2021 – Aug 2024*

- Led full-stack development for [Ideanet.it](#) – an Italian event platform using Laravel, MySQL and modern frontend stack.
- Improved performance by 30% through caching, optimized queries and efficient code architecture.
- Built secure, scalable backend systems with authentication, admin panels and RESTful APIs.
- Delivered responsive frontend interfaces ensuring compatibility and user engagement.
- Mentored juniors and conducted code reviews within Agile/Scrum workflows.

## Key Professional Projects

### [Ideanet.it](#) – Italian Event & Festival Platform

- Developed and maintained a full-featured platform for discovering Italian cultural events and festivals.
- Engineered a scalable Laravel backend with features including user profiles, event filtering, and a multi-role admin dashboard.
- Ensured mobile-responsive design and SEO optimization to increase platform visibility and user engagement.
- **Result:** Contributed to a live platform serving thousands of users, enhancing the digital presence of Italian cultural events.

### [Reliable Global Solution](#) – Saudi Reliable Labor on Demand Platform
